

Invocation to the Cosmic Mother

*Oh, Great Mother, divine feminine, birther of the cosmos,
lover unto Spirit, Creatrix of all matter and queen of all worlds within
worlds and those without, we call you to us in this hour.*

We are your children; hear our call.

*We are the daughters and sons of your divine union,
the flesh of your passion for life.*

*You who lay with Spirit, our Father, in the beginning of time,
and brought us forth from the blessed union of Spirit and Matter,*

we are your children,

*the sons and daughters of your flesh and your heart,
and we remember your touch and the fragrance of your essence,
and we long for you.*

Come to our hearts and gift us the remembering.

Come to our minds and open our genius.

Enlighten us with your presence.

*Draw back the veils that we might see, and harken the doors to open,
that beauty and ecstasy may live in our homes and hearts more fully.*

*This is our hour of greatest need. We call you through fire and water,
through earth and wind, through all that bears your name.*

We call all your lineages and all your names.

Come unto us. Come into us. so be it.
